

## EASA Certification Information

**No.: 2017-18**

**Issued: 15 November 2017**

**Subject:** **Transfer of Type Certificate for the DA 40 – Series, from Diamond Aircraft Industries GmbH, Austria, to Diamond Aircraft Industries, Inc., Canada**

**Type Certificate No:** **EASA.A.022**

**Product:** **Aeroplane**

**Issued by:** European Aviation Safety Agency

**Former Holder of the Certificate:** **Diamond Aircraft Industries GmbH, Austria**

**New Holder of the Certificate:** **Diamond Aircraft Industries Inc., London Ontario, Canada**

### **Context:**

The request of Diamond Aircraft Industries GmbH as TC holder, to transfer EASA TC EASA.A.022 to Diamond Aircraft Industries Inc., Canada, as new TC Holder, and the transfer of the oversight responsibility from EASA to Transport Canada, has been accepted by EASA and Transport Canada as of 15-Nov-2017.

In accordance with the international rules and the applicable EASA administrative procedures, upon acceptance of transfer, DAI-C has endorsed all responsibilities of the TC holder and Transport Canada as Oversight Authority as of 15-Nov-2017.

EASA considers that all Airworthiness Directives (ADs) issued by EASA of related to these products are still applicable unless TCCA replaces and EASA cancels them.
